Quality Assurance and Quality Control (QA/QC)

Maudore's exploration program is supervised by Alain Carrier, M.Sc., P.Geo., of InnovExplo Inc., a consulting firm based in Val-d'Or (Quebec). Alain Carrier is a Qualified and Independent Person as defined under Regulation 43-101 guidelines. Comtois exploration is conducted under strict QA/QC protocols including mineralized standards, blanks and field duplicates. Half of all sampled core is retained for future reference, and analyses are performed by ALS-Chemex laboratories in Val-d'Or (Qc) and Timmins (ON) (fire assay with AA finish and gravimetric finish for results above 3 g/t Au).

Anne Slivitzky, Geologist, a Director of Maudore Minerals Ltd, is the Qualified Person under National Instrument 43-101 regarding technical information on the Company's mining properties contained within the Company's website.
